- What is the corporate sponsored UTDesign Capstone program?
- How have other companies engaged and what was their success?
- How can I partner?
- What are some best practices and tips that yield better results?
- What is the schedule and how do I sign up?

## UTDesign® CAPSTONE

### Student Team Innovations for Real World Engineering and Computer Science Challenges

Whether you're an entrepreneur or part of a top 100 company, chances are you have more projects than you can handle. You need an affordable, efficient way to address this problem while getting the results you want.

Through UTDesign® Capstone, senior undergraduate teams from a variety of engineering and computer science disciplines create solutions for companies. The students complete the project as the pinnacle of their undergraduate experience, and you get a team of 4 to 6 students for your project.

#### Computer Science Projects

Rod Wetterskog | 972-883-2182 | [Wetterskog@utdallas.edu](mailto:Wetterskog@utdallas.edu)

#### Engineering Projects

Don Proeschel | 972-883-3928 | [Don.Proeschel@utdallas.edu](mailto:Don.Proeschel@utdallas.edu)

“We've sponsored projects in blockchain, drones, cybersecurity, etc., always amazed at what the students produce in cutting-edge technology.”  
Raytheon Co.

“The team had the drive and passion not only to finish the project, but also to deliver the best solution for the project.”  
Corning Optical Communications

### What You Can Expect

#### Ownership

Corporate sponsors retain 100% ownership of the results of each capstone project. Students will present a final report with test and evaluation results.

#### Presence

Companies have a unique opportunity to spread brand and product awareness at UT Dallas.

#### Mentorship

A corporate mentor works directly with each student team. Give back and shape tomorrow's engineers and computer scientists.

#### Recruitment

Mentors work with student teams for several months. Identify top talent while observing how students perform in a variety of situations.

More than 300 companies have sponsored UTDesign® Capstone teams, including State Farm, Texas Instruments Inc., Raytheon Co. and UT Southwestern Medical Center.
